Previous ISSUE Released at 11:30 AM (CANBERRA TIME) 27/06/2005

---

## Summary

### About this Release

#### **ABOUT THIS RELEASE**

Provides information about the data available from the Survey of Employment Arrangements and Superannuation (SEAS) in the form of a Confidentialised Unit Record File (CURF). The paper explains data content, technical details and conditions of use.

The CURF is accessible through the Remote Access Data Laboratory (RADL). For more information about accessing CURFS, see Services We Provide - Confidentialised Unit Record Files at [www.abs.gov.au](http://www.abs.gov.au).

SEAS was a household survey conducted throughout Australia between April and June 2000. The survey provides information on employment arrangements in the Australian workforce (e.g. job duration, access to paid leave, and hours worked) and on people's superannuation arrangements.
